iCoreConnect.com

Speed up the way you share patient records.
Protect your practice and patients.

- Attach unlimited quantities, types and sizes of files to any email
- Access your secure and non-secure email accounts with one login
- Refer and be referred with a built-in network of vetted providers
- Exchange secure email from any device, anywhere you have internet access

Increase revenue & expand functionality with additional services:

HIPAA Risk Assessment & Compliance Platform - Easily assess HIPAA risk at your practice and get a customized set of HIPAA policies and procedures.

Encrypted HIPAA Cloud Backup - Back up data in our HIPAA cloud and you don't have to worry about maintaining and securing local servers and drives.

HIPAA-Compliant Managed IT Services - We help ensure your hardware, software and security are up-to-date, monitored and replaced before they break.
